THEATRE

WORLD MONOLOGUE GAMES : AN ACTING CHALLENGE

26 MARCH 2020 DAVID KARY

This global event sees performers from scores of countries participate in an epic acting competition during such a challenging point in history.

Our key aim is to **provide entertainment** for the millions of people in lock down and to **pay as many performers as possible**. During these tumultuous times, anything we can give to those doing it tough is a true gift.

We welcome participants, fans, sponsors, volunteers and judges from every country in the world. There are a range of performance categories depending on the number of entrants in each country.

Everyone gets a free entry and there are CASH prizes for the winners!
