

PROSPERITY & SPELL

AΩ Prosperity Spell

The Prosperity Spell that follows is based on various water-related rituals and spells found in diverse cultures and time periods. Throughout history, there are many examples of rituals and spells related to prosperity that involve water, which is often associated with abundance, fertility, and wealth.

“Locate a natural body of water, such as a river, stream, or lake, that is known for its clean and flowing water. If you cannot find a natural body of water, a large bowl of fresh water can be used as a substitute.

Find seven small stones or pebbles that are smooth and pleasing to the touch. Cleanse them in the water while focusing on your intention for prosperity and abundance in your life.

Hold the first stone in your hand and say the following incantation: "By the power of water, I call upon the forces of abundance and prosperity. May this stone represent a solid foundation for wealth and success in my life."

Toss the first stone into the water (or bowl) and visualize a strong foundation being laid for your prosperous future.

For each of the remaining six stones, repeat steps 3 and 4, but replace the word "foundation" with another aspect of prosperity, such as "growth," "stability," "opportunity," "wisdom," "gratitude," and "abundance."

After tossing the seventh stone into the water, close your eyes and take a moment to express gratitude for the blessings and prosperity that are already present in your life.

Leave the water and return home, carrying with you the memory of the ritual and the intention to actively work toward your goals and embrace opportunities for prosperity.”

It's essential to approach the ritual with respect for the various cultural contexts and beliefs from which it originates. And keep in mind that true prosperity comes from hard work, dedication, and a mindset of gratitude.

Faithfully yours,
Leslie McQuade and David Griffin
