Master 2-A-Day and 10 in Play

- 1. **Pique Interest.** Start the conversation by sharing what the IDTA education and community has done for you and share your landing page.
- 2. **Use Third Party Tool.** Third party tools allow you to be the messenger, not the message. Say less and let the tools say more!
- 3. **Follow Up.** Check in with your referrals about the information you have shared. Ask them what they like most about the opportunity so far.
- 4. **Free Online Event.** Direct your referral to an event or meeting:
 - A 3 Way Call with an experienced trader or hub leader
 - A FREE Live or Online Event
 - 1:1 Meeting for a chat over a coffee for your personal attention
- 5. **Enrol.** Once your referral attends an event and starts asking about how to join, hand them over to IDTA HQ.

The Fortune is in the Follow Up!

- Keep track of your referrals. Once they have registered call them to have a chat about trading and their experience so far. Listen to where they are at and the next best step may be for them.
- We (our system) will capture and track your referrals, and we can give you monthly reports on request so you know which of your referrals are active.

Learn to Trade Live Introductory Events

- On your follow up call your options include inviting your referral to register for the next Learn to Trade Intro Webinar or Workshop.
- If the workshop is a week or two away we have other resources and eBooks to offer your referrals to keep them engaged and their momentum going until the workshop. The workshop is ultimately your best tool.
