USA PLUTO RETURN THEMES

- The Pluto principles of **transformation, evolution, regeneration** are activated during this Pluto Return period.
- But also the shadow side of Pluto... This is **death and rebirth**. There can be a need to face our darkness and shadow.
- The potential here is that of the **caterpillar in the chrysalis**. In the portal that we're moving into, there is the opportunity to rebirth ourselves.

THERE ARE 2 CARDS REPRESENTING PLUTO IN CAPRICORN IN THE NATAL CHART OF AMERICA:

JUDGEMENT *Tarot card for Pluto*

Rachel Pollock, in her book *Seventy-Eight Degrees of Wisdom*, says the Judgment card appears when we are at a crossroads and a decision is required as to whether or not we're ready to make a great change. And that is what is on offer for our country.

This is also a card that speaks to coming to terms with the past in order to go beyond it and a card of resurrection (which happens after death) and new consciousness being born.

DEVIL *Tarot card for Capricorn*

A card of illusion and oppression. Here is the illusion of materialism – that only what we can see touch, taste, smell, hear is what's real.

This is a card about being run by our desires and obsessions and our hunger for power and it represents the dark side of our collective unconscious.

KARMA OF THE FATHER LINE

"For me, one of the biggest pieces of this Pluto return is needing to address and heal the karma of the father line."

-Divine Harmony

IN GREEK/ROMAN MYTHOLOGY...

Uranus would not allow Gaia to birth her children, he repressed them. So Saturn (the child) overthrew Uranus (the father).

Saturn then ate his children to not allow a child that would overtake him to be born. So Jupiter (the child) overthrew Saturn (the father).

There is a pattern of the father becoming repressive and controlling and the child rebelling and overthrowing. The child then becomes the oppressive father.

This is the karma of the father line and the karma of the patriarchy. This is something that needs to be looked at and healed and we need to shift into a new timeline.

The USA is a teenage nation and **the country was created in a rebellious act against our father nation.** The USA Pluto Return is an opportunity to grow up and a time to learn to relate to power differently.

DEALING WITH *The Shadows of the Past*

*"If you want to know your past life,
look at your present condition.
If you want to know your future life,
look at your present condition."*
-Padmasambhava

The past is present. And until we acknowledge it, it can run us.

The USA's shadows include slavery, stealing land, the killing of people we dominated, repression of women and LGBTQ, the shadow of corporate America, misuse of power, secrecy, and misuse of magical energies.

THE USA & SHADOW WORK:

"One does not become enlightened by imagining figures of light, but by making the darkness conscious."
-Carl Jung

The USA is entering into **a portal where we can make the darkness conscious**. It's up to each of us to contribute to that.

PLUTO & ERIS, *The Revealer of Shadow*

Eris is the great disruptor and shows us what we are NOT looking at. And the more we hide the more we need to worry because **she brings what's suppressed and denied up into the light of consciousness** (and sometimes throws it in our faces).

This is **a very different aspect of the divine feminine** – it's the fierce call-out-the-crap, hold-people-accountable, take-a-stand archetype of the feminine that is coming back in and is **intimately connected with the rise of female leaders**.

And this is not just about gender. This applies to any beings (masculine, feminine, non-binary) who honor the feminine principles: **relatedness, forgiveness, compassion, love, empathy**.

The feminine principle needs to lead. The heart needs to lead. It's not about domination but collaboration.

A RETURN TO THE MOTHER

There is a lot of Cancer in the USA's birth chart, which is **the sign of the Divine Mother**.

And our North Node is in Leo, ruled by the Sun in Cancer conjunct Sirius (which is intimately connected to the Divine Feminine).

There is a need to **return to our guiding light** – this higher wisdom, higher power, higher love energy that Sirius has on offer.

WE ARE THE MIDWIVES...

*"I really truly believe that **what we do contributes to the collective**. The more of us that are showing up for our inner work and our shadow work, and healing around emotions, and honoring the feminine – we contribute to the wave of change that's building and we are all here at this time for a reason."*

THE USA SIBLY CHART

- **Mars and Jupiter are parallel**, representing rebelling against superiors. And **both are contraparallel to Pluto** showing an extraordinary spirit of enterprise
- The **Mars-Pluto combination** is a superhuman force through ruthlessness.

LOOKING AT THE GREATER CONTEXT OF TIME WILL TELL US A LOT ABOUT THIS PARTICULAR MOMENT...

ARIES INGRESS OF THE SUN & USA SOLAR RETURN THROUGH TIME:

At these points throughout time, there are recurring themes of major Neptunian and Plutonian activity.

1816

A thick fog came - A period of famine and death

- Neptune square natal Neptune & partile square to Pluto
- Neptune conjunct the South Node
- Pluto at the southern bending (square the nodes)

1857

The Panic of 1857

- Neptune opposite Neptune
- Mirrors the Aries ingress chart of 2022

1868

The President is impeached

- Neptune square Neptune
- Neptune square the ASC like the charts of 1857 and 2022

1898

The beginning of the Spanish American War

- Pluto and Neptune Rising
- The exact opposition of Pluto and Saturn

1938

The Great Depression

- Ascendant contraparallel to Pluto (like this coming year)

1981

First recognized case of AIDs in the USA

- Neptune contraparallel the Ascendant
- Neptune with the Moon's nodes, Mercury and Venus

2022

- Pluto contraparallel the Ascendant shows a nation doing things seen to be ruthless or **a response to feeling oppressed.**
- Moon at 29° Libra (the anaretic degree) shows the people on their last gasp, feeling like they are **passing through a crucible of change** that feels like a forced initiation.

PASSING THROUGH A CRUCIBLE OF CHANGE

Oftentimes **Pluto transits feel like we are being forced over a threshold of change whether we like it or not** - being forced to face death in the eye and possibly having to die as a result of that encounter.

When we find ourselves facing systems of oppression (Moon-Pluto) and dishonesty in the highest places (Neptune in the 10th)...

We have to turn inward and find a greater sense of resourcefulness within ourselves to pass through what feels like an extraordinarily uncomfortable experience.

Here we find, not only a great amount of creativity coming up within the people and a great amount of resilience being demanded on the part of the people.

Mychal says the planetary combinations seen in the USA Pluto Return force us to lean on the things we've always held valuable: **courage, passion, creativity, and resilience in the face of adversity.**

The background of the entire page is a high-resolution image of the planet Pluto, showing its characteristic reddish-brown and blue-grey hues, set against a deep black space filled with distant stars.

ADAM GAINSBURG

PRESENTATION IN THE PLUTO & THE FATE OF THE USA PANEL

THE SHADOW OF PLUTO

Shadow Pluto represents **the underlying, unconscious suppression of our own power**. And then the consistent distortions of behaviors, thinking, and responses that result from that suppression.

THE AWAKENED PLUTO

When we awaken in the realm of our own Plutonian nature, we're starting to live in our eternal life force essence. It manifests in tangible ways that feel powerful and in our capacity to **surrender with eyes wide open**.

With an awakened Pluto, **we meet our deepest challenges with love** rather than having to prove something or survive something.

WHAT IS PLUTO IN CAPRICORN?

- Discovering our ability to manage life
- Our ability to face hardship with determination
- Taking the long view even when immediate needs seem to be the priority
- To be strong in the face of failure or loss

This Pluto in Capricorn, individually, in a small social group, or even a massive collective like the United States, creates what Adam calls **tectonic ruptures**.

It ruptures our unconscious dependence on authority remaining authority in its form and exposes our own fear of the loss of control.

Pluto in Capricorn holds the potential to reroute our material life, how we navigate the world, and every effect that we have on others in **the soil of our own true power**.

CATALYZING YOUR TRUE POWER

The Pluto return will **catalyze your true power** to return home. Adam says this homecoming will effectively root out anything that is not native, original, or innate to one's relationship to living powerfully.

SEEDING THE FUTURE...

The next two years (2022-2024) will determine **what we, as a species, are seeding and planting.**

Will we be surrendering our base instinct of survival and control and power over?

Will we be embracing a conscious, open-eye responsibility for the effect we have on ourselves, each other, and the planet?

DATES TO WATCH

The Catalyst of Events

July 11, 2022: Transiting Saturn Retrograde is on the USA's Moon at 24° Aquarius

December 28, 2022: 3rd pass of Pluto when Saturn is applying to the USA's Moon

The second half of next year will be the fulcrum determining which way our country goes and **where we as a collective are making our choice.**

December 28th is the real battle. Adam says we may see people standing up, taking back, and reorganizing themselves to become their own authority.

Or, the existing powers reassert themselves and the populous falls back into their own patterns unconsciously.

"The very root of our collective American belief that we are free and have been free is going to be discovered, increasingly, as a lie. This will force many millions of people to reevaluate exactly what constitutes their happiness and what constitutes freedom for them from that point forward."

-Adam Gainsburg

The background of the entire page is a deep space image featuring the dwarf planet Pluto. Pluto is shown in the upper right quadrant, appearing as a large, textured sphere with various shades of grey and blue, and numerous impact craters. The rest of the background is a dark, star-filled space with some faint nebulae and distant stars visible.

RICK MERLIN LEVINE

PRESENTATION IN THE PLUTO & THE FATE OF THE USA PANEL

PLUTO

The Phoenix & Metamorphosis

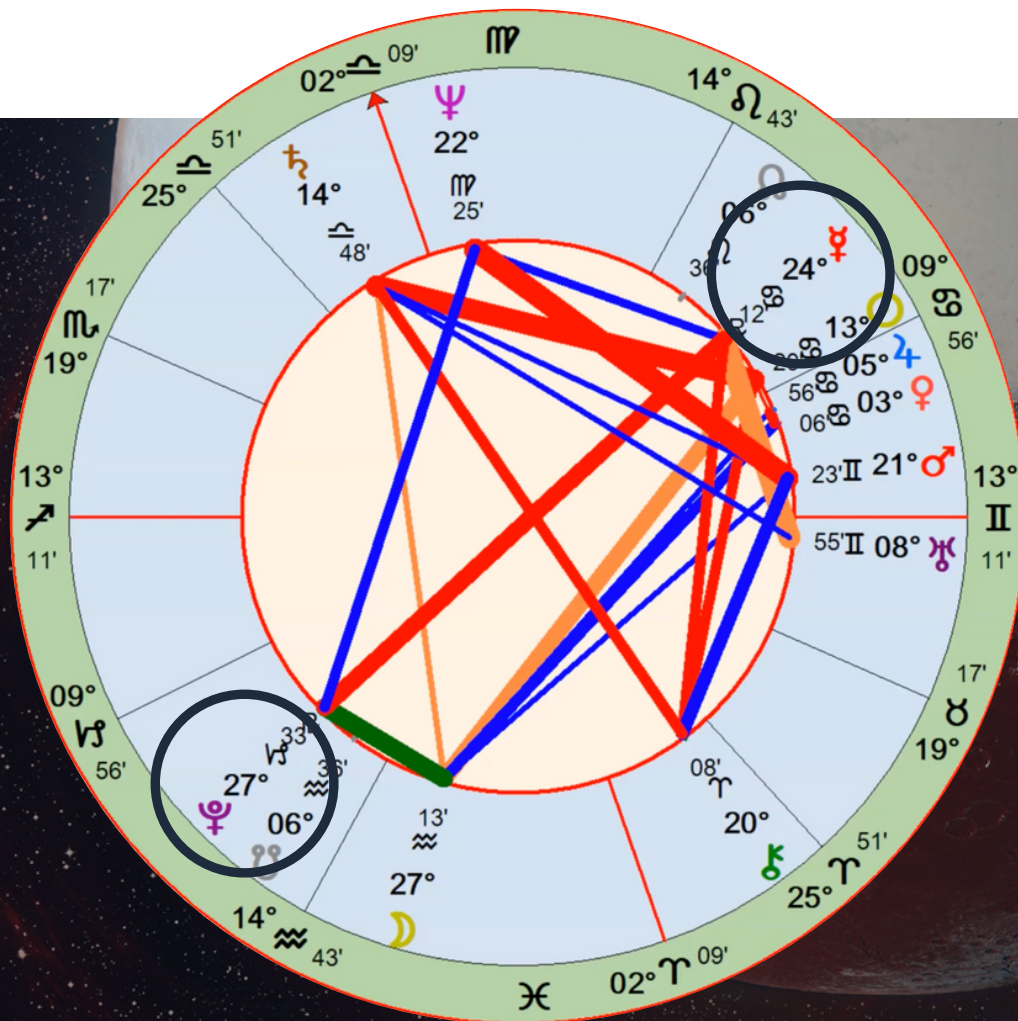

Pluto is the phoenix that **rises from the ashes of the ruins of destruction**. Pluto's metamorphosis involves a **death and rebirth** experience (The caterpillar has to die to become the butterfly).

PLANETARY ARCHETYPES EVOLVE WITH CONSCIOUSNESS:

Our perceptions of the planets change as our view of the cosmos changes. This is the first Pluto Return since we've known about Pluto's existence. So the mystery of this is very strong as **this is the first time** we've had a Pluto return since we've discovered Pluto's existence.

PLUTO, MERCURY & NEPTUNE *In the USA Birth Chart*

In the birth chart of the USA, there is an Pluto opposition to natal Mercury and a trine to Neptune. Rick says this indicates **the collective vision of the USA and the ease at which we delude ourselves by the collective vision.**

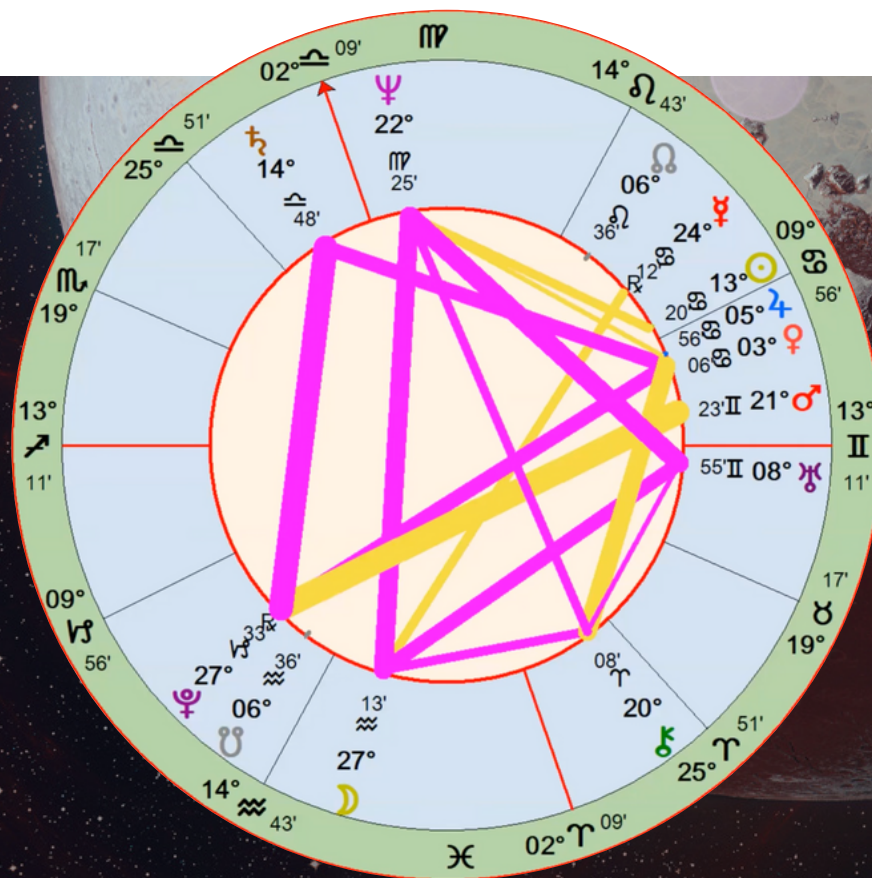

7-HARMONICS

Septiles in the USA Birth Chart

There are 2 sets of significant biseptile connections in the chart: one involving Pluto, Saturn and Venus (3 points on a 7-pointed star) and another involving Moon, Chiron, Uranus and Neptune (4 points on a separate 7-pointed star).

This chart has a lot of septiles which shows **a touch of the supernatural**. Septiles are overwhelmingly profound patterns that say “what you see is not what you get”. Dane Rudyar called the septile “**the angle of fate**”.

SO, WHAT CAN YOU DO *to Prepare for this Historic Event?*

Simplify: Pare down where you are putting yourself and your energies, what you are putting out, and your activities. Try to cut back and generally restructure your life where you see you can be doing less.

Focus In: Focus on your inner work and your work in the world. Hone in on your psychological and spiritual resources and keep up the practices that align with your purpose.

Put Yourself in Nurturing Spaces: Whether that means going outside into nature or finding places of community with like-minded people, find the spaces that nurture you and go there more often.

Take Care of Yourself: Eat the things that make your body feel great and do the things your body loves. Take care of your nervous system and stay rooted and grounded.

Stay Present: Check in with yourself and your feelings and stay present to them rather than projecting into the future. And if you have children, stay present to what they are going through at this time.

Practice Radical Honesty: Get to a completely new level of naked honesty with yourself (how amazing you are, what you're still working on, what you don't have to hide from anymore). Get honest with yourself about yourself.
