Master 2-A-Day and 10 in Play

How to Get the Conversation Started

- Work with a Buddy. Ask another Ambassador to be your Accountability Buddy.
 - Set times to call at the same time.
 - Agree on how many calls and who you are going to call.
 - Practice your scripts with your buddy.
 - Set goals and align on your desired outcomes.
 - Report back to each other afterwards.
- 2. **10 in Play.** Write down you top 10 prospects. Your hottest prospects are:
 - The people who have already asked you about trading and what you are up to.
 - People that are looking for new opportunities and solutions due to changing times
 - People looking for home based opportunities
 - People looking for extra income

Getting the Conversation Started

1. People that have already asked you about trading - your HOT Contact!

Sharing your passion and inspiration

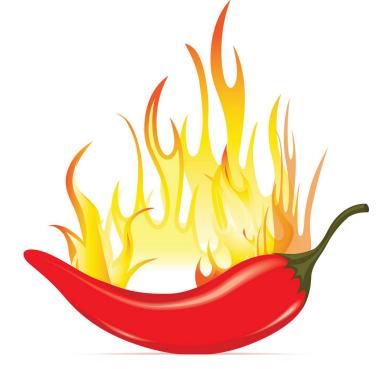

Jim, you know how you asked me about trading a while back? Well, we have had so much interest in our community and education that the crew have decided to run a free one day worksop!

Mate, come over to mine for a morning coffee and lunch on Saturday the 23rd May at 1pm, I'm going to join the global live stream from the TV in my lounge room. It's pretty cool what they're doing going so anyone can join in fr0m around the world.

It's the ideal day to learn what trading is all about.

It will give you the opportunity to see if this may be something you would be interested in, to help build another income source.

If you do decide to become a trader, you'd become part of the awesome community, and it's growing!

Getting the Conversation Started

2. People looking for opportunities, who you'd like to introduce to trading

John (is seeking a solution or opportunity)... I understand what you're talking about. We are living in changing times. I am fortunate that I have a solution in my trading community.

And you know how passionate I am about trading. If you're really looking for a home-based solution right now, I'd like to get you to experience what we do and the sense of community we have.

Come join us on Saturday the at my place, as the company I trade with IDTA is running a Learn About Trading Workshop. It's free and there's no obligation.

It's going to be the ideal day to learn what trading is all about. It will give you the opportunity to see if this may be something you would be interested in, to help build another income source. If you do decide to become a trader, you'd become part of our community we are building. How about you bring the coffees and I'll put on lunch?

Mext Steps...

The Fortune is in the Follow Up!

- Keep track of your referrals. Once they have registered call them to have a chat about trading and their experience so far. Listen to where they are at and the next best step may be for them.
- We (our system) will capture and track your referrals, and we can give you monthly reports on request so you know which of your referrals are active.

Learn to Trade Live Introductory Events

- On your follow up call your options include inviting your referral to register for the next Learn to Trade Intro Webinar or Workshop.
- If the workshop is a week or two away we have other resources and eBooks to offer your referrals to keep them engaged and their momentum going until the workshop. The workshop is ultimately your best tool.

Your Pathway to Success

- 1. Set Clear Goals with your Buddy.
- 2. **2-A-Day** = Consistency
- 3. Top 10 List Always have 10 in Play
- 4. The fortune is in the *Follow Up*
- 5. Attend Your Weekly Training & Support Webinars
- 6. Attend all of our FREE Events with your guests
- 7. Be Committed. Keep you Word.

Your Role as Ambassador

- It is up to you how much you wish to earn and active you wish to be with your Ambassadorship.
- Call your guests to start the conversation, share your landing page and invite them to a free event.
 And follow up with a call after the event.
- Invest time in studying your toolkit, become familiar with all of your resources, the webinars and events it offers and attend your monthly training and support webinar.
- Register yourself and login into the Learn to Trade Live Stream Webinar & Workshop to HOST your guests. *We conduct these webinars and events in Zoom.
- Introduce your guests, that are most interested and ready to have a conversation about joining the IDTA Community, to one of our dedicated team at IDTA to support them to become a member.
